Appendix: Ethics

Examples of author’s ethical declarations

Please tick and fill in where appropriate below.
(Obligatory declarations applying to all manuscripts are printed in bold.)

**Originality or acceptable secondary publication**

- [ ] No part of this manuscript (MS) has been published, except for an abstract/summary published in……………………………………………………………………………………………………………………
- [ ] This MS was published in ……………………………………………………………………………………… but in another language (i.e. ………………..), so it could be an acceptable secondary publication in English if editors of both publications agree to it.
- [ ] No part of this MS is currently being considered for publication elsewhere.
- [ ] In this MS, original data are clearly distinguished from published data. All information extracted from other publications is provided with citations. It has been paraphrased or (if cited literally, e.g. a whole sentence or paragraph) placed in inverted commas.

**Authorship**

- [ ] All people listed as authors of this MS meet the authorship criteria, i.e. they contributed substantially to study planning, data collection or interpretation of results and wrote or critically revised the MS and will be asked to approve the final version before publication.
- [ ] All people listed as authors of this MS are aware of it and have agreed to be listed.
- [ ] No person who meets the authorship criteria has been omitted.

**Ethical experimentation and interpretation**

- [ ] The study reported in this MS involved human participants and it meets the ethical principles of the Declaration of Helsinki (WMA 2008).
- [ ] The study reported in this MS has met other ethical principles, namely……………………………………………………………………………………………………………………
- [ ] I and all the other authors of this MS did our best to avoid errors in experimental design, data presentation, interpretation, etc. However, if we discover any error in the MS (before or after publication), we will alert the editor promptly.
- [ ] None of our data presented in this MS has been fabricated or distorted, and no important data have been excluded.
- [ ] Results of this study have been interpreted objectively. Any findings that run contrary to our point of view are discussed in the MS.

**Acknowledgements**

- [ ] All people who are not listed as authors but contributed substantially to the study reported in this MS or assisted in its writing (e.g. language professionals) are mentioned in the acknowledgements.
- [ ] All people named in the acknowledgements have agreed to this. However, they are not responsible for the final version of this MS.
Consent has been obtained from the author(s) of unpublished data cited in the MS.

Copyright owners of previously published figures or tables have agreed to their inclusion in this MS.

**Conflict of interest**

All authors of this study have signed a conflict of interest statement and disclosed any financial or personal links with people or organizations that have a financial interest in the submitted manuscript.
